

dasnonphoto.com | Home page

This is the home page. It show portfolio. Nothing to do here.

dasnonphoto.com | portrait gallery (for example)

Here there will be nothing to do. This is a gallery (the gallery of portraits). There is only one image here, but of course there may be several. When you click on the image, it opens in a window (see below)

dasnonphoto.com | pic001 in a window

Here is the image. This is the place to add a button 'buy a print'. After I explain how this will happen in the admin.

dasnonphoto.com | the button above the picture

Here is the button 'buy a print'.

This button must be displayed on mouse over the image and when the mouse moves and disappear after two seconds

dasnonphoto.com | the picture product page

The screenshot shows a Firefox browser window displaying the product page for 'photo1' on dasnonphoto.com. The URL is www.dasnonphoto.com/?wpsc-product=photo1. The page features a navigation menu with links for 'MENU PRINCIPAL', 'TRAVAUX', 'BLOG', 'STORE | SHOP', and 'SH**T ME I'M SEXY'. The product 'photo1' is displayed with a price of 200,00 €. A shopping cart (PANIER) summary is visible on the right, showing 1 item for a total of 200,00 € (excluding shipping and tax). A 'Notes' sidebar is present on the right side of the page.

PANIER

Produits	Qté	Prix
photo1	1	200,00 €
1 élément		Total: 200,00 € excluding shipping and tax
		Verifier la commande Vider le panier

Ajouter au panier

By clicking the 'buy a print' button, it redirects to the picture product. End for the user interface.
Now see the admin panel.

dasnonphoto.com | Admin : galery

dasnonphoto.com | Admin : Image (media)

The screenshot shows the WordPress media editor interface in a Firefox browser. The page title is "Modifier un média · Dasnon photograph...". The URL is "www.dasnonphoto.com/wp-admin/media.php?attachment_id=249&action=edit". The browser's address bar shows the site name and the specific media item being edited. The page is in French, and the user is logged in as "Patrick Dasnon".

The main content area displays the following information for the media item:

- Nom du fichier :** idhalltattoo.jpg
- Type du fichier :** image/jpeg
- Date de mise en ligne :** 6 mai 2012
- Tailles :** 349 × 500

Below this information, there is a "Modifier l'image" button and a preview of the image, which is a dark, abstract graphic with a red and white circular logo at the bottom.

The form fields for editing the media item are as follows:

- Titre :** ID hall Tattoo
- Texte alternatif :** ID Hall Tattoo
Texte alternatif de l'image, exemple : « La Joconde »
- Légende :** (empty field)
- Description :** Photo pour les besoins en communication du salon de tatouage ID Hall Tattoo et du site internet www.id-hall-tattoo.com
- Adresse web du fichier :** http://www.dasnonphoto.com/wp-content/uploads/2012/05/idhalltattoo.jpg
Emplacement du fichier envoyé.
- Attachment Tags :** (empty field)
Associate tags with image attachments to easily include them in multiple image galleries.

At the bottom of the form, there is a "Mettre à jour le fichier" button.

The left sidebar contains the WordPress admin menu with the following items: Apparence, Extensions (1), Utilisateurs, Outils, Réglages, BWS Plugins, cformsl, Custom Login, Select Sociable Plugin, WSD security, Core, Theme Store, and Réduire le menu.

The bottom of the browser window shows the Windows taskbar with the system tray, including the language indicator (FR), the system clock (18:29), and various system icons.

The image panel for now. See below modification request to link Image with Product

dasnonphoto.com | Admin : modification

The screenshot shows the WordPress media editor for a file named 'idhalltattoo.jpg'. The interface includes a sidebar with navigation options like 'Extensions', 'Utilisateurs', and 'Outils'. The main content area displays the image and its metadata: 'Nom du fichier : idhalltattoo.jpg', 'Type du fichier : image/jpeg', 'Date de mise en ligne : 6 mai 2012', and 'Tailles : 349 x 500'. Below the image is a 'Modifier l'image' button. The form fields include: 'Titre' (ID hall Tattoo), 'Texte alternatif' (ID Hall Tattoo), 'Légende', 'Description' (Photo pour les besoins en communication du salon de tatouage ID Hall Tattoo et du site internet www.id-hall-tattoo.com), 'Adresse web du fichier' (http://www.dasnonphoto.com/wp-content/uploads/2012/05/idhalltattoo.jpg), and 'Attachment Tags'. A checkbox labeled 'This image is attached to a product: yes' is present, with a 'Product URL' field containing 'http://www.dasnonphoto.com/?wpsc-product=photo1' and a 'Mettre à jour le fichier' button.

The media is attached to a product ? A check box. If yes, enter the product URL.
The result: a buy a print button on the image with a url link to the corresponding product.
Of course, if the checkbox is not selected, no button on the image ;-)

Make something clear, no "gas plant"

Develop as a plugin (no code "directly hard drive" in pages)

Make a small control panel that lets you select:

Opacity / transparency of the image as part of (and with) the buy a print button

The color of the button

The button text (buy a print, order, buy, order ...)

The color of the button text
